If these statements are true according to modern science, it proves that the Bible is not only scientifically correct, but that it repeatedly anticipates modern science by 2,000 to 3,500 years. 1. The Bible is Archeologically and Historically Correct. History lies at the root of all science (Carlyle). The historical accuracy of the Bible has been confirmed in a multitude of instances whenever any reliable profane records have been found. This has been true, even in many instances which were formerly, for lack of information, regarded as difficult or suspicious (W. J. Beecher). The almost universal inaccuracy and unreliability of the Greek and Arab historians with reference to the kings of Egypt, Assyria, and Babylonia is in glaring contrast with the exactness and trustworthiness of the Hebrew Bible (R. D. Wilson). Even as far back as Genesis 14, this accuracy has been confirmed. The names of kings with whom Abraham fought have been found among the...
