Createspace, United States, 2012. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.There have been many books written about the past and present existence of aliens on our planet Earth. Alan McGregor s book, Aliens In the Old Testament, is significantly different from those other books you ve probably read. Instead of a book full of all those UFO and alien abduction accounts you re likely already familiar with, McGregor s book discusses the alien presence that appears so glaringly throughout the Old Testament. In fact, the alien presence is so blatant, so obvious that you will wonder how you could have ever missed it. It s the author s belief that the Old Testament, if taken literally, proves beyond doubt that the alien presence was a reality thousands of years ago, and the Old Testament is a clear, literal written record of this presence. So, wait just a minute. If we take the Old Testament literally, doesn t that prove God is real? No. A true literal read reveals a race of alien beings, a race of beings that is as flawed as you and me. Thousands of years ago, when seemingly miraculous events were recorded and eventually assembled into what has come to be called the Old Testament, these technologically advanced beings were seen as godlike. Whatever technical wizardry they pulled off back then looked miraculous to the people of that time. But we are no longer dazzled by what seemed miraculous to the people of the Old Testament. We can now look at the Old Testament through a more realistic lens: the lens of our present technology. To prove his point, McGregor lays out in detail several familiar stories of the Old Testament: stories like the Creation...
