An Introduction to Composite Materials (Cambridge Solid State Science Series)

Filesize: 2.43 MB

Reviews

This sort of pdf is every little thing and made me seeking forward and a lot more. This is certainly for all who statte that there was not a worth reading through. I found out this book from my dad and i recommended this publication to discover.

Cambridge University Press, Cambridge, UK, 2008. Paperback. Book Condition: New. Second Edition. This edition has been greatly enlarged and updated to provide both scientists and engineers with a clear and comprehensive understanding of composite materials. In describing both theoretical and practical aspects of their production, properties and usage, the book crosses the borders of many disciplines. Topics covered include: fibres, matrices, laminates and interfaces; elastic deformation, stress and strain, strength, fatigue crack propagation and creep resistance; toughness and thermal properties; fatigue and deterioration under environmental conditions; fabrication and applications. Coverage has been increased to include polymeric, metallic and ceramic matrices and reinforcement in the form of long fibres, short fibres and particles. Designed primarily as a teaching text for final-year undergraduates in materials science and engineering, this book will also interest undergraduates and postgraduates in chemistry, physics, and mechanical engineering. In addition, it will be an excellent source book for academic and technological researchers on materials. Contents From the preface to first edition Preface to second edition 1. General introduction 2. Fibres and matrices 3. Fibre architecture 4. Elastic deformation of long-fibre composites 5. Elastic deformation of laminates 6. Stresses and strains in short-fibre composites 7. The interface region 8. Strength of composites 9. Toughness of composites 10. Thermal behaviour of composites 11. Fabrication 12. Applications Appendix: nomenclature Author index Subject index. Printed Pages: 342 with 159 line figures, 51 halftones, and 11 tables. Size: 150 x 225 Mm.
