Reviews

The best publication i actually study. I actually have study and so i am confident that i am going to likely to study once more yet again later on. You will not sense monotony at at any moment of your respective time (that's what catalogs are for relating to if you ask me).

(Ernest Bergnaum)

CRESTED GECKOS

I-5 Publishing. Paperback. Book Condition: new. BRAND NEW, Crested Geckos, Philippe DeVosjoil, Illustrated with over 150 color photographs, Crested Geckos is an authoritative, visual guide to this very popular lizard species. For their amazing colors and patterns, low maintenance requirements, longevity, and attractive appearance, crested geckos have captured the fancy of hobbyists. Crested Geckos provides guidelines for keepers who wish to select a crested gecko to add to their vivarium and to maintain their pet in excellent health and condition. Author Philippe de Vosjoli provides an introduction to crested gecko, including information about purchasing a healthy pet, handling, heating and housing, water and feeding, life cycle and sexing, and breeding. A separate chapter on diseases and disorders provides solid info on the health needs of these rewarding reptiles, including recognizing signs of disease, tail loss and pelvic deformities. The author has also written two chapters devoted to the color of crested geckos, their most alluring feature for many herpetoculturists. The chapters include discussions of color changes (as the gecko matures) and morphs, heavily illustrated with photographs of unusually colored crested geckos. For crested gecko keepers looking to expand their home populations, a chapter on the Rhacodactylus species describes five species with similar requirements despite their significantly different appearances, from the medium-sized knobby-headed gargoyle gecko to the giant Rhacodactylus leachianus.
