EXPEDITIONARY BORDER SECURITY OPERATIONS: ELIMINATING THE SEAMS (PAPERBACK)

Createspace, United States, 2012. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.Within the context of the current US government endeavor to unify its actions and build partner-nation military capabilities in the Global War on Terror (GWOT), this monograph seeks to determine the potential value of utilizing expeditionary interagency border security teams (BSTs) to conduct border security operations and training during theater security cooperation activities. Specifically, this monograph answers whether border security operations will assist nations in countering destabilizing elements within their nations and, subsequently, impacting the operational scope and capability of global terrorist networks that threaten US national security. This paper uses case studies in the Tri Border area of South America and the Trans Sahel region in Africa to examine the threat from a convergence of terrorist and criminal organizations toward complementary efforts and their use of porous border regions to conduct logistical activities. To counter this threat the paper analyzes a case study of Post WW II Germany and develops a framework for border security operations consisting of eight principles: consistent national agreements established upfront between allied and partner nations concerning border security policies; integrated border security policies at the US national level; the ability to communicate with the local populace culturally and linguistically and provide outlets for information requirements from the local population; early intervention to prevent a collapse in security that would require major international military intervention; a border security force which has a static and mobile capability; the use of indigenous population in border security forces; an integrated economic development plan; and a graduated suppression of black market activities. Adding to this framework the paper analyzed the development of the Israeli Border Police and found a set of principles to aide in future border...
