

Bomb and Mine Disposal: WWII Transition (Paperback)

By John Reese

Dog Ear Publishing, United States, 2013. Paperback. Book Condition: New. 226 x 147 mm. Language: English . Brand New Book ***** Print on Demand *****.A young naval officer joins the Navy's belated efforts to retain special skills in bomb and mine disposal only to find his newly deployed ordnance disposal team confronted with extraordinarily hazardous situations while operating in the Marshall Islands. World War II had come to an end, sailors who had entered naval service for the duration of the war were being discharged. These citizen warriors were taking with them knowledge and critical skills hard earned during the war. One such skill was the safe handling and disposal of unexploded mines and bombs. The U.S. Navy was at risk of losing these skills and sent an ALNAV message to ships and stations requesting volunteers to enter a new Explosive Ordnance Disposal Training Program. The volunteers had hardly completed their training when situations and events demanded a disposal team be dispatched on an extended deployment. The author entered the U.S. NAVY S V-12 Program in 1943 as an officer candidate. He received his commission as an Ensign in June 1945 and served twenty years on active duty in...
